

SCHOOL OF MUSIC AUDITION PROCEDURE

PIANO

APPLICATION PROCESS:

Pre-screening:

All piano students auditioning—for any major—**MUST** complete the piano pre-screening process. This process includes the following:

1. Complete the online School of Music application and letter(s) of recommendation at <http://music.byu.edu/apply>.
2. Upload your prescreening audition **video** recording to a private YouTube site by December 1. Follow the directions provided online after submitting the School of Music application. **Please perform two contrasting works from the actual audition requirements listed at the bottom of this page.** A single movement of the classical sonata can count for one of these prescreening works. If recording the Bach, please submit both the prelude and the fugue as a single work. No scales are necessary in the prescreening stage. Memorization is required.
3. Prospective students (including transfer students) who pass the pre-screening process will be invited to perform a live audition on audition day (the last Saturday in January). Only the students who have completed the application process – including the recording, application, and letters of recommendation – **by December 1** will be considered in the pre-screening process for the live auditions in January.
4. Because this is a new process, if you have any questions or concerns, please contact the music admissions office at musicadmissions@byu.edu or 801-422-2660.
