GENERAL APPLICATION INFORMATION

Dates and Deadlines

Application Deadline: December 1

GEE Deadline: January 15

Graduate Audition Day: January 25

Students interested in pursuing any of the graduate programs in the School of Music should apply online through the BYU Graduate Studies [website](#).

An application is not considered complete and ready for consideration until all required materials are received. You are urged to apply for admission as early as possible.

January 25 is a tentative graduate audition date, and whether graduate auditions actually take place on that day or at another time is determined by the individual areas. Applicants should check with the area head for their primary instrument for more details on auditions.

Entry Dates

Fall Semester: Applicants in composition, performance, and conducting

Summer Semester: Applicants in music education

Students with a specialization in music education enter only during the summer term, but will still specify fall entry on the application.

Financial Aid

All applicants are automatically considered for financial awards and assistantships without any additional application requirements.

General Application Requirements

For a complete application, you must submit the following:

- Indicate your desired **advisor** and **area of study**
- Upload a **statement of intent**, indicating your desired program goals and anticipated graduation date
- Upload any required **supplemental application materials** for your desired specialization (this may include links to uploaded performances, essays, etc.) in the department documents section of the application
- Request **three letters of recommendation** (you may still submit your completed application if the recommenders have not yet completed their recommendations)
- Upload **transcripts** for each school attended and provide your cumulative **GPA**
- Obtain an **ecclesiastical endorsement** (start the process at endorse.byu.edu)
- Meet minimum **English proficiency** requirements ([click here](#) for exemptions and minimum test scores)
- Pay non-refundable **\$50 application fee**

International Application Requirements

In addition to the application for admission, international students must also do the following:

- Submit **contract of support**
- Send transcripts, mark sheets, diplomas, and graduation certificates to International Education Research Foundation (IERF) for a **credential evaluation**, and a **detailed report**, which you will include with your online application
- Submit **proof of English proficiency** when English is not the native language

To show English proficiency, complete an exam below. (Scores must be reported by the December 1 application deadline.)

- **TOEFL** (computer-based): A minimum score of 237 is required.
- **TOEFL iBT**: A minimum score of 85 is required (with at least 22 in Speaking and at least 21 in Listening, Reading, and Writing).
- **IELTS**: The School of Music's requirements for the IELTS test exceed those of the university. The School of Music requires a composite band score of at least 7.0 and subscores of at least 6.5 in all four areas of writing, speaking, listening, and reading.

For more information about English proficiency, please see the BYU Graduate Studies [website](#).

These items provide the university with certification that the applicant has adequate financial support to complete a graduate program, if accepted, and information about the student's English language ability.

DEGREE INFORMATION

MM IN COMPOSITION

Supplemental Application Materials

- A **portfolio** of four compositions in various media
- A **recording** of two or more of these compositions

If the portfolio is best represented in print, supplemental materials may be mailed to the Graduate Program Manager (to be received by the application deadline):

Graduate Composition Application
c/o Graduate Program Manager
BYU School of Music
C550 HFAC
Provo, UT 84602

Program Information

The purpose of this specialization is to produce graduates who are prepared to make a significant contribution to the art form, both as composers and as teachers/scholars in composition and theory, and to provide aesthetic enrichment to those they will serve.

Program Requirements

- 32 hours of coursework
- Oral final examination
- Composition

Program Outcomes

- Demonstrate a basic knowledge of music library resource materials
- Understand how aesthetics applies to your discipline

- Articulate the historical aspects of music, particularly that of the modern era
- Compose with advanced skill and techniques
- Create a large-scale composition for your final project
- Prepare a recital of your original works

MM IN CONDUCTING

Supplemental Application Materials: Choral Emphasis

- A list of all **choral experience**, including private study, conducting, and ensembles in which applicant has sung
- Scanned **programs of concerts** where applicant has conducted
- A list of **pieces rehearsed and performed as conductor**, including composers, name of ensemble, and dates
- Include a link to your **pre-screening audition**: A video recording of representative rehearsal and performance where choir was trained and conducted by the applicant

Note: The recording must be accessible online and the link must be included in your online application. YouTube is the preferred format. Please contact the Graduate Program Manager (miriam_burton@byu.edu) if you have any questions about including links with your application.

Those who pass the preliminary screening of applicants will be notified by **January 15**, and will be invited to campus for a personal interview and audition with Professors Crane and Wells, where the applicant will be asked to conduct previously assigned pieces, sing a hymn, and demonstrate ability to play piano reductions of homophonic and polyphonic pieces.

Supplemental Application Materials: Instrumental Emphasis

- A **repertoire list** of works rehearsed and/or performed as a conductor, if applicable
- A video of a past **solo performance** showing your proficiency and technical and expressive facility on your major instrument (3-5 minutes)

- A video of you **conducting a performance** (preferably full face view of conductor, 20–30 minutes)
- A video of you **conducting a rehearsal** (preferably full face view of conductor, 20–30 minutes)

Note: The recording must be accessible online and the link must be included in your online application. YouTube is the preferred format. Please contact the Graduate Program Manager (miriam_burton@byu.edu) if you have any questions about including links with your application.

Program Information

Students in this program develop advanced, personal conducting skills and techniques that are precise and suited to a variety of musical needs; attain confidence, poise and clarity with the baton; learn effective rehearsal techniques; and become familiar with a variety of instrumental and choral scores representing the repertoire of various stylistic periods, including sacred and secular genres.

Students learn to convey through gesture music's power, gentleness, directness, and subtlety to both the performer and audience.

Students also select for and bring to the community the great masterpieces of the instrumental and choral literature.

This program is not available for summers-only study.

Program Requirements

- 32 hours of coursework
- Recital
- Repertoire exam
- Oral final examination

Program Outcomes

- Analyze a score in terms of phrasing structure, key centers,

dynamics, articulation, and text

- Demonstrate the techniques required to lead an effective, efficient rehearsal
- Demonstrate the conducting techniques required for precision in rehearsal and performance of a score
- Conduct with convincing sense of dynamic, expressive line
- Explain the various genres of choral music and trace developments as genres pass through various stylistic periods in music history
- Give a substantial list of choral pieces or works by the major composers from each stylistic period
- Demonstrate skills for imaginative, convincing programming

MM IN MUSIC EDUCATION

Supplemental Application Materials:

- A current **résumé**
- Verification by a school administrator of **successful public/private school teaching** with appropriate **teaching licensure** (1 year minimum or equivalent required before beginning the program)
- **Two 800- to 1200-word essays** on the following topics:
 1. Discuss what you perceive to be one of the most important problems in public school music education today and propose a possible solution(s)
 2. Reflect on an area of personal interest in music teaching/learning—one that has direct connection with your own teaching—and propose how you might explore it further given the time and opportunity to do so
- A link to a recording of a representative **rehearsal or music class** taught by the applicant (approximately 15 minutes)
- A link to a representative **performance** of a group trained and conducted by the applicant (approximately 15 minutes)
- A link to a representative **solo performance** of the applicant on his/her major instrument (at least two pieces of contrasting style)

Program Information

This program is for those with an undergraduate degree in Music Education who wish to pursue further academic study as a means to develop professionally. The culminating project is the completion of a professional improvement project.

Coursework combines the study of philosophical, research-based, and theoretical views of teaching and learning music with pragmatic approaches to improving music instruction, as well as instruction on a primary/secondary instrument, conducting and/or teaching methodologies.

Efforts are made to plan a program of study based on individual students' needs and interests while maintaining standards of musical and scholarly excellence.

This program is available for full-time or summers-only study.

Program Requirements

- 32 hours of coursework
- Project prospectus
- Professional improvement project
- Comprehensive written examination
- Oral final examination
- Project report

Program Outcomes

Through coursework, comprehensive exams and final project or thesis, students will demonstrate sufficient evidence of the following to exit the program:

- They are informed, reflective educators/practitioners and professionals
- They are emerging scholars
- They are improved musicians

MM IN PERFORMANCE

Supplemental Application Materials:

- Recital programs and repertoire lists from undergraduate study and professional work.
- A performance audition at BYU (preferred) or a recording of the senior recital or equivalent performance (repertoire required varies by area)

Program Information

The intent of this specialization is to prepare students with outstanding performance potential to be competitive in performance and teaching careers and be advocates for the arts in their communities.

Students in this program will be prepared to meet the need for skilled performers of solo and small and large ensemble music and the demand for excellent studio teachers in schools and communities.

Program Requirements

- 32 hours of coursework
- Juries
- Recital jury
- Recital
- Repertoire examination
- Oral final examination

Program Outcomes

- Increase their skill level as soloists, chamber, and large ensemble musicians to a professionally competitive level

- Grow as a musician in chamber groups and large ensembles
- Extend depth of teaching skills from further exposure to pedagogical study
- Connect their performance experience to academic research that is directly related to their recital and other performance literature
- Demonstrate knowledge of music history, performance practice, literature and theory from the academic component required for the degree

MA IN MUSIC EDUCATION

Application Information:

We ask all interested applicants to initially apply for the MM in Music Education degree (see application requirements for the MM in Music Education degree).

Once accepted, students will take the following two courses in their first semester of coursework:

Music 501 Research in Music Education

Music 698A Introduction to the Professional Improvement

After successfully completing those initial courses, students may opt to switch to the MA in Music Education degree (with approval of the Music Education faculty) or continue in the MM in Music Education degree.

Program Information

This program is for those with an undergraduate degree in Music Education who wish to pursue further academic study as a means to develop professionally. The culminating project is the completion of a professional improvement project.

- They are improved musicians

MA IN MUSICOLOGY

Supplemental Application Materials:

- A sample scholarly research paper
- A list of publications, if any

Program Information

This program prepares students to be scholars who will promote musical understanding and appreciation for the arts.

Students are expected to add to the body of historical and analytical publication that has increased understanding of the history, practice, sociology, and aesthetics of the cultural heritage of Western, and to a lesser degree, non-Western music.

This effort should also increase general awareness of the cultural and historical diversity represented in concert programs and recordings.

Program Requirements

- 32 hours of coursework
- Thesis prospectus
- Language examination
- Comprehensive written examination
- Oral final exam and thesis defense
- Thesis

Program Outcomes

- Be conversant with the entire history of Western music
- Gain an in-depth understanding of most of the period styles and traits of the Western music tradition

- Master the research and study techniques that will produce original research suitable for publication in scholarly media
- Produce a thesis on a topic in historical musicology
- Be equipped for success in a doctoral program

GRADUATE ENTRANCE EXAM STUDY GUIDE

GENERAL EXAM INFORMATION

Exam Overview

The music Graduate Entrance Exam (GEE) tests your skills in **music theory** and **music history**.

The exam is taken online on BYU Learning Suite. The deadline for completing the GEE is **January 15**.

The exam can be taken any time between December 1 and January 15. The exam is closed-book and closed-note.

Exam Proctor

In order to take the exam, you must have a **proctor**.

After the December 1 application deadline, you will be asked to send the name and contact information of your proctor to miriam_burton@byu.edu. The proctor must be with you in person for the duration of the exam, and will send in a report after the exam certifying that the exam was taken honestly.

The proctor must meet the following requirements:

- They are not related to you
- You are not in a position of power over them (i.e. they are not your student or employee)
- They are willing to communicate with the university promptly
- They can be with you for the duration of the exam.

Once you have submitted the name and contact info of your proctor, you will be granted access to the exam on BYU Learning Suite. You may only take the exam once per application period, so please plan accordingly.

Taking the Exam

You have **three hours** to take the exam, and you must take it in one sitting. You may not exit and re-enter the exam once you have begun.

The GEE consists of three parts:

1. **History: Listening** (50 questions)
2. **History: Score Reading** (50 questions)
3. **Theory** (50 questions)

The test gives students the opportunity to demonstrate a mastery of the fundamentals of theory, part writing, and analysis of tonal music. The history portion is multiple-choice, includes score analysis, and gives students an opportunity to demonstrate knowledge of the major historical periods, styles, composers and genres throughout the history of Western art music.

Passing Score

Students accepted into the School of Music must score **60%** or above on both the music theory and music history portions of the exam.

In exceptional cases students with scores lower than 60% may be admitted provisionally. Provisional admits will be required to take one or more courses in music theory and/or music history. Provisions must be resolved within the first two semesters of enrollment to remain in good standing.

Recommended Resources

We recommend the following books for help with study and preparation for the exam:

Paul O. Harder and Greg A. Steinke. **Basic Materials in Music Theory: A Programmed Course** (current or past editions)

J. Peter Burkholder, Donald J. Grout, and Claude V. Palisca. **A History of Western Music** (current or past editions)

J. Peter Burkholder and Claude V. Palisca. **The Norton Anthology of Western Music, vol. 1-3** (current or past editions)

J. Peter Burkholder and Claude V. Palisca. **Norton Recorded Anthology of Western Music, vol. 1-3** (current or past editions)

MUSIC THEORY STUDY GUIDE

Theory Portion Overview

The theory portion of the GEE consists of 50 multiple-choice questions.

The theory questions are informed by *Basic Materials in Music Theory: A Programmed Course* and *Norton Anthology of Western Music*, vols. 1-3.

Graduates from the BYU School of Music will recognize the questions on this exam to be comparable in form and content to the tests given in the BYU music theory sequence.

Sample Questions

On the following pages of this guide you will see excerpts from scores in the Norton Anthology of Western Music, together with the kinds of music theory questions that might be asked about such pieces.

These sample questions are designed to give you an idea of the format, level, and style of questions used on the Graduate Entrance Exam. Such a small number of questions obviously do not cover the entire range of topics found on the exam.

 - d. Passing tone, anticipation, escape tone
 - e. Passing tone, suspension, appoggiatura

MUSIC HISTORY STUDY GUIDE

History Portion Overview

The history portion of the GEE consists of 100 multiple-choice questions.

The first fifty questions are **listening questions**, asking you to respond to audio excerpts from recordings, while the last fifty questions are **score identification questions**, asking you to identify music based on a page or two of the score.

Both listening and score excerpts are taken exclusively from the *Norton Anthology of Western Music*, vols. 1-3.

Graduates from the BYU School of Music will recognize the questions on this exam to be comparable in form and content to the tests given in the BYU music history sequence.

Listening

There are a total of twenty-seven audio excerpts.

The first ten questions are matching questions. You are to identify the genre (opera, symphony, motet, etc.) and period (medieval, renaissance, baroque, etc.) for ten different audio excerpts.

The rest of the listening questions (Nos. 11-50) follow a regular multiple-choice format, and require you to identify what you hear according to various categories. Who is the likely composer? What is the likely genre? What is the probable form? What stylistic principles (pertaining to melody, harmony, texture, timbre, rhythm, dynamics, etc.) are at work in this excerpt? In what period was it composed? Does this piece invoke specific historical associations? In general, there will be 1-3 questions for each audio excerpt.

Score Identification

There are a total of thirty score excerpts.

The score ID questions will take a similar form to the listening questions. The first ten questions are matching by genre and period, and the remaining forty follow a regular multiple-choice format treating the same kinds of issues as before.

Sample Questions

On the following pages of this guide you will see an excerpt from one of the scores in the Norton Anthology of Western Music, together with the kinds of questions that might be asked about such a piece. (Listening questions will be very similar.)

Sample History Question: Example 1

I. (♩=62)
très sec et l'arpège très rapide et nerveux

Measures 1-5: Piano introduction with rapid arpeggiated pattern. Dynamics: *mf*, *p*.

Measures 6-10: Continuation of piano introduction. Dynamics: *p*.

Measures 11-15: Introduction of saxophone part. Dynamics: *mp*.

Sample History Question: Example 1 (continued)

1. Who is the likely composer of this piece?
 - a. Arnold Schoenberg
 - b. Henry Cowell
 - c. Darius Milhaud
 - d. Milton Babbitt
 - e. Steve Reich
2. The composer of this piece was part of a group of composers known as _____.
 - a. Les Six
 - b. The Mighty Handful
 - c. The Second Viennese School
 - d. The New York School
 - e. The Dirty Dozen
3. What elements suggest the influence of jazz in this excerpt?
 - a. Syncopated rhythms
 - b. Raised and lowered 3rd scale degrees
 - c. Instrumentation
 - d. All of the above
 - e. None of the above
4. The material presented by the melody instruments on this page suggests which formal procedure?
 - a. Sonata form
 - b. Rondo
 - c. Theme and variations
 - d. Isorhythm
 - e. Fugue

History Study List

On the following pages, you will find a helpful list of music history terms, concepts, individuals, topics for study, and repertory.

These questions are easiest studied using *A History of Western Music* and *The Norton Anthology of Western Music*, vol. 1-3.

The test draws from each of the following eras:

- The Middle Ages
- The Renaissance
- The Baroque Period
- The Classical Period
- The Romantic Period
- The Twentieth Century

While it is useful to know facts about these eras, it is crucial to be able to recognize the elements from each era in representative scores. *The Norton Anthology of Western Music*, vol. 1-3 are particularly helpful at preparing you for the questions that will be on the test.

The base of knowledge needed to perform successfully on the history portion of the test is quite large. It is recommended that you study for the test over a period of time, selecting a few songs and representative elements to study each day. Cramming a few days before taking the test will leave your brain overwhelmed with the amount of information.

After reviewing the musical time periods, you may find it helpful to flip to pages of scores out of context and see if you can identify the composer and significant elements you see on the page. Listen to the scores frequently so you have them in your head, which can help with score identification. Having a friend play portions of scores out of context can help prepare you for the listening portion of the exam.

The Twentieth Century: Topics for Study

- Musical styles of Debussy, Ravel, and Satie
- Music of Schoenberg, Berg, and Webern
- Music of Stravinsky, covering all three periods of his career
- The two American compositional traditions as represented by Ives and Copland
- Main compositional trends in music after 1945

You should know well and be able to recognize visually (i.e., in score) and aurally:

- » A piece by Debussy
- » An atonal of 12-tone piece by Schoenberg
- » An extended excerpt from an early Stravinsky ballet (we suggest Petrushka or The Rite of Spring)
- » A piece by Bartok
- » A piece by Ives
